DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 and 29-53 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The references of record do not teach either singularly or in combination at least the limitations "a patterned first metallic layer over the first side of the dielectric layer such that one end of the via holes is closed to form a plurality of blind holes" and "a plurality of solder balls inserted into the blind holes with one end of the solder balls protruding out from the surface of the second solder mask layer or the second metallic layer, wherein the solder balls and the first metallic layer are electrically connected while at least one solder ball and the second metallic layer are electrically connected such that the portions of the second metallic layer are circularly embedded in the solder ball" in a tape ball grid array package (TBGA) comprising a first and second patterned metallic layers on two respective sides of a dielectric layer of the TBGA package.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
